

# Individual Weekly Report 8

**Name:** Aaron Martinez  
**Team:** The Gauntlet  
**Date:** 3/31/25

## Current Status

1. What did you **personally** work on this past week?

Task	Status	Time Spent
Added Last flex sensor	Done	30 min

Include **screenshots/graphics** to illustrate what you did this past week:

2. What problems did you run into? What is your plan for them?  
Ran into a mess of wires and hard to maneuver. I plan to shorten them as we near a final product.
3. What is the current overall project status from your perspective?  
The overall project status is about 70% still I'd say. We need to completely finish it.

4. How is your team functioning from your perspective?

Team is functioning well. Everybody is contributing and starting to make preparations for a final product.

5. What new ideas did you have or skills did you develop this week?

The ideas I had involved ways to toggle power on the glove. We are thinking of adding an external power button.

6. Who was your most awesome team member this week and why?

The most awesome team member this week is Grant for finishing a working prototype for our buttons.

### Plans for Next Week

What are you going to work on this next week?

I am going to work on making some permanent solder to get closer to a final model. I need to finish the flex sensor actions to get ready for user studies.
